

## Connector Tools & Accessories

LANmark-OF Toolkit for Anaerobic Connector (starter kit)

Nexans ref.: N102.220

### Description

LANmark-OF Anaerobic Toolkit provides a comprehensive set of tools and consumables. Used in combination with Nexans Anaerobic connectors (SC-ST-LC), it guarantees fast, easy and reliable field terminations. Two versions are available: Starter kit and Extension kit. Consumables such as adhesive, activator, syringes, wipes and polishing papers are available separately.
